

Once again your team is invited to attend the American Heroes Air Show at the Hansen Dam Sports & Recreation Complex located in the San Fernando Valley, North of Los Angeles.

Since its origins in 1993 this unique aviation event has featured exclusively helicopters from local, county, state, public and private EMS as well as Federal / DOD agencies. Produced by local volunteers with a passion for public service and aviation, our event provides the general public, elected officials and the media with an up-close view of helicopters, the crews and their dynamic mission in public safety, homeland security and national defense.

In addition to being Los Angeles' premier aviation experience our event includes:

- *CODE3 Career Fair* - recruiting teams from police, fire, military and public service are on-scene with info about their mission and career opportunities.
- *FIRST PROMISE Emergency Preparedness Fair* - resources, information, products & services to help the community plan for, react to and recover from natural disasters and emergencies.
- The American Heroes event also provides extensive fundraising opportunities for local non-profit groups.

Presentation space at the American Heroes event is free to non-profit organizations, public safety agencies and emergency responders. It's the perfect opportunity for public safety agencies to highlight their mission in the community and promote career opportunities on their team!

Event admission & parking are free

Event registration forms will go out March 2009
