Congrats and thank you to Jen Boyer – Volunteer Event Director shown to the right with her daughter.

The 2008 event drew significantly increased presence from recruiting teams – in addition to local Sheriffs and fire department, the ATF, the DEA and the Customs & Border Protection along with the FBI team shown above.

Once again U.S. Coast Guard aircraft and recruiting teams arrive from Port Angeles and Astoria Air Stations.

2008 was the first year for the DEA at the American Heroes Air Show in Seattle -

Once again congrats and great job to Jen and her entire team of volunteers plus our appreciation to Ms. Bonnie Dunbar, President of the Museum of Flight, for acting as site host for the American Heroes Air Show – Seattle.

Buckle up for our 2009 date:
Saturday, June 20
