Plan your schedule now for
the 2011 American Heroes
event in Seattle

June 18

The American Heroes Aviation Network is proud to be an Affiliate member of HAI and participate in a mission to educate the community as to the value of helicopters' service to public safety.

The USCG Air Station Astoria team has participated in the Seattle show since its debut in 2005.

Utilizing the East parking area at the Museum of Flight in Seattle, our event site faces the main runway of Boeing Field. Our gracious thanks to the Museum of Flight for allowing our organization to use this historic site. After guests take in the admission-free Heroes Air Show they often visit the great exhibits at the Museum of Flight.

We were excited to welcome a pair of SH-60's with HS-10 Warhawks based out of San Deigo's North Island Naval Air Station in 2010. Below one of the aircraft is rolled into its display space.

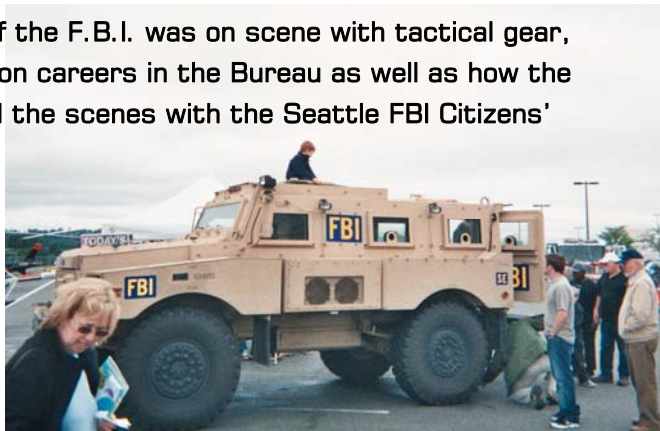

Across the country the CODE3 Career Fair is a popular element of the Heroes Air Show which offers free presentation space to recruiting teams in order for them to educate the public about careers in law enforcement, aviation, public safety, homeland security and the military.

Our friends from the DEA aviation and recruiting teams are on-scene once again.

The Seattle Field office of the F.B.I. was on scene with tactical gear, vehicles and information on careers in the Bureau as well as how the community can go behind the scenes with the Seattle FBI Citizens' Academy.

A Special Agent with the Seattle ATF office suits up an event guest with their bomb disposal suit.

Since 1993 at sites from Coast to Coast volunteers with a passion for aviation, law enforcement, public safety and community service have produced the American Heroes Air Show.

Our corporate sponsors provide financial support to achieve our non-profit goal of delivering our admission-free educational events.
