# AMERICAN HEROES Air Show

The Nation's Premier Admission-Free, All-Helicopter Public Aviation Event

## ELEMENT PROFILE CODE3 Career Fair

Over the years, as more law enforcement, military and public safety agencies requested event space for their recruiting efforts at the admission-free American Heroes Air Show, we created the *CODE3 Career Expo*.

The CODE3 Career Expo offers public safety

recruiting teams free presentation space to attract guests with an interest in public safety careers while schools are front and center with public safety classes.

The unique structure of the *CODE3 Career Expo* presents real life law enforcement teams to profile their mission in public service while engaged guests can learn how your criminal justice classes are the on-ramp to dynamic careers in public service.

School goals in attending the *CODE3 Career Expo* include:

- Profile history and heritage of your school.
- Increase enrollment in criminal justice, homeland security & emergency preparedness.
- Overview the class schedules, instructors credentials and special financing available for many military veterans.
- Provide information on salary ranges and career opportunities in general.

During the Los Angeles event, Ventura CO. Sheriffs deputies promote career opportunities while demonstrating tactical rope rescue work to the crowds.

With our strong event focus on aviation, law enforcement, criminal justice, military and homeland security this event is a magnet for men and women anxious to learn about new careers in public service, homeland security and the military service.

Law enforcement organizations are often located adjacent to schools and organizations with career changing curriculum and Veteran's - friendly financing programs.
