Event Yearbook

Our volunteer team goes to great lengths each year to present a diverse group of helos from FIRE / RSQ teams. Their participation and demonstrations support our event mission of educating the public, media and public officials about the value of rotary-wing aviation.

Exactly 1 week after our event these firefighters and others were stretched to the limit battling the Woolsey Fire as it destroyed 1,500 structures and burned 96,949 acres on its way to the Pacific ocean.
